

Resonate
FOR LINEAGE

six feet up 
where sophisticated web projects thrive

Turn your content into a chorus.

Increase your reach

- Amplify the value of key content
- Syndicate content across subsites
- Promote internal linking

Empower content creators

- Content sharing is a team effort
- Let contributors suggest content sharing
- Site managers maintain the final say

Eliminate tedious work

- Share without copy and paste duplication
- Prevent PageRank penalties
- Instantly review the sharing history of content

Imagine sharing and promoting:

- Breaking news
- Important announcements
- Upcoming events
- ... and much more

"One of our clients, a major university in Indiana, didn't want to have to copy and paste items everywhere in their family of websites, so Resonate was a really big improvement for them. They can create content once, then easily reuse it without the mess caused by duplicates."

- Michelle Jarvi, Project Manager at Six Feet Up
